DETAILED ACTION

Allowable Subject Matter

1. Claims 1-17 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The IDS filed on 1/9/2007 and the prior art of record and to the examiner's knowledge does not teach or render obvious, at least to the skilled artisan, the instant invention regarding:

An assembly comprising: a printed circuit board comprising a conductor having a characteristic impedance; an integrated circuit die having an output driver which has an output impedance; an integrated circuit package having an inside surface; and interposer is disposed in the integrated circuit package between the integrated circuit and the inside surface of the integrated circuit package; and wherein the signal path extends from the output driver, through the interposer, through the package, and to the conductor of the printed circuit board, the signal path exhibiting an intervening impedance, wherein the output impedance of the output driver plus the intervening impedance of the signal path substantially equals the characteristic impedance of the conductor of the printed circuit board, as recited in claim 1. Claims 2-14 are dependent upon independent claim 1.

A method of impedance matching an output driver of an integrated circuit die to a printed circuit board conductor, comprising: a printed circuit board conductor exhibiting a characteristic impedance; an integrated circuit die having an output driver which exhibits an output impedance; providing an interposer in a signal path, wherein the signal path from the output driver to the PCB conductor exhibits an intervening impedance, wherein the output impedance of the integrated circuit plus the intervening impedance of signal path is substantially equal to the

characteristic impedance of printed circuit board, as recited in claim 15. Claims 16-17 are dependent upon independent claim 15.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
